EXPERIENCE

Cognizant ltd, Bangalore — *Programmer Analyst*

Jan 2023 - PRESENT

Developed and maintained highly responsive and user-friendly web applications using **React.js** and best practices.

Implemented reusable UI components and followed clean code principles for maintainability.

Integrated with back-end APIs for data fetching and manipulation.

Utilized state management solutions like **Redux** or **Context API** to manage application state.

Conducted **unit testing** to ensure code quality and functionality.

Collaborated with designers and back-end developers to deliver a seamless user experience.

Cognizant Ltd,Bangalore — *Programmer Analyst*

Dec 2021 - Jan 2023

A seasoned Manual tester For CVS Health

PROJECTS

Gemini Clone — *React.js project*

Developed a front-end clone of Gemini using React.js, allowing users to interact with a large language model through a text-based interface with **10% faster response time** compared to traditional methods.
